

Soberano 5

Region	La Mancha, Spain
Spirit	Brandy
Production	Small batch production
Alcohol	36%
Distillation	Soberano is produced using must from the Airen grape variety produced in La Mancha, in the center of Spain. The grape must is distilled using a continuous distillation system in modern steel columns. The Soberano holandas (the final distillates) are then aged in American oak barrels, that have previously contained sherry following the traditional Solera system. It spends approximately 5 years in barrels.
Tasting Notes	Old gold color with red tones. Sweet notes of toasted caramel and touches of mature wood. On the mouth round and smooth, sweet, balanced and long. Perfect on its own or with ice, with a mixers or in cocktails.
